

LIE SMOKING.

The Three Palatial Steamers Appear to be Complete Wrecks.

MANY DEAD WITHIN THEM.

Not Possible to State Accurately the Number of Victims—Many Bodies Reduced to Ashes in the Furnaces. Loss Will be \$10,000,000.

NEW YORK, July 2.—The partially submerged hulks of the huge North German Lloyd steamers Saale, Bremen and Main, lie smoking in the upper bay and North river, apparently as thoroughly wrecked as the Spanish cruisers that ventured out of Santiago harbor two years ago to-morrow. Like the Spanish ships, these German merchantmen hold many dead men within their iron sides. A police patrol forbids near approach to the sunken steamers and warns off the curious who hover about in row boats. Eleven charred bodies now in the New York morgue were taken from the deck of the Saale, and divers are expected to bring up scores of dead men to-day. The remains of the huge North German Lloyd steamers in Hoboken are still burning and firemen are throwing water upon the embers, but nothing remains to be saved. Charred logs, sections of planking from half burned gowns and lighters and other wreckage are drifting about the upper and lower bays, compelling steamers to pick their way with caution, to save their screws and paddles.

Number of Dead Not Known.

It is not yet possible to state accurately the number of dead, but the first reports of the fire, which reported the steamers and the piers as containing many visitors and prospective passengers, are not borne out by investigation and it seems likely that nearly all of the members of the district were employed in some capacity by the steamship company. However, the loss of life is appalling. Forty bodies have been recovered, hundreds are missing and no estimate of the number of dead now falls below two hundred. Many of the dead will never be found, their bodies having been reduced to ashes in the furnace. It is reasonable to suppose that the rescued will report themselves to-day and to-night's list of missing will be the list of the dead. Nearly all of the members of the crews had their homes in Germany and news of the disaster will carry sorrow to many a fire-side in the fatherland. No missing except those employed about the steamers, have been reported to the police or to the company.

Most of the estimates of loss do not fall below \$10,000,000.

Divers and Wreckers at Work.

NEW YORK, July 2.—Divers and wreckers are still hard at work on the burning North German Lloyd steamers. It is believed that there are yet many bodies to be recovered from the Saale and two large wrecking derricks are alongside her removing the bent and twisted pieces of heavy iron that cover her hold.

The injured in the Jersey City hospitals were reported to be doing well this morning, but several are not yet out of danger.

Total of Fifty-seven Bodies.

NEW YORK, July 2.—At 4 o'clock four more bodies were taken from the water off the burned piers, making the total up to that hour fifty-seven bodies.

Charred Beyond Recognition.

NEW YORK, July 2.—Nine dead bodies have been recovered from the Saale. Only one has been identified—Officer Busch, of the Saale.

Within the last forty minutes six bodies have been found on the Main. Five in the gallery were charred beyond recognition. The sixth was floating in the water in the hold.

Postmasters Appointed.

Special Dispatch to the Intelligence. WASHINGTON, D. C., July 2.—The following postmasters have been commissioned in West Virginia:

William E. Jones, Smithton; Charles S. Pichford, Emma, Putnam county, (late in Jackson county); Calvin M. Morrison, Creston, and Thomas C. Griggs, Richwood.

Return to the Capital.

Special Dispatch to the Intelligence. WASHINGTON, July 2.—Mr. John L. Steele, Senator Scott's private secretary, and Mrs. Steele returned yesterday from Ardmore, Pa., where the latter has been recuperating for the benefit of her health.

Mr. W. P. Scott, who attended the Second West Virginia district Republican convention, at Terra Alta, returned to Washington yesterday.

BOILS AND CARBUNCLES

These unwelcome visitors usually appear in the spring or summer, when the blood is making an extra effort to free itself from the many impurities that have accumulated during the winter months.

Carbuncles, which are more painful and dangerous, come most frequently on the back of the neck, eating great holes in the flesh, exhaust the strength and often prove fatal. Boils are regarded by some people as blessings, and they patiently and uncomplainingly endure the pain and inconvenience under the mistaken idea that their health is being benefited, that their blood is too thick anyway, and this is Nature's plan of thinning it. The blood is not too rich or too thick, but is diseased—full of poison—and unless relieved the entire system will suffer. The boil or carbuncle gives warning of serious internal troubles, which are only waiting for a favorable opportunity to develop. Many an old sore, running ulcer, even cancer, is the result of a neglected boil.

Keep the blood pure, and it will keep the skin clear of all the irritating impurities that cause these painful, disfiguring diseases.

S. S. S. cures boils and carbuncles easily and permanently by reinforcing, purifying and building up the blood and ridding the system of all accumulated waste matter.

S. S. S. is made of roots and herbs which act directly on the blood, and all poisons, no matter how deep-seated, are soon overcome and driven out by this powerful purely vegetable medicine.

S. S. S. is not a new, untried remedy, but for fifty years has been curing all kinds of blood and skin diseases. It has cured thousands, and will cure you. It is a pleasant tonic as well as blood purifier—improves the appetite and digestion, builds up your general health and keeps your blood in order.

Our physicians have made blood and skin diseases a life study—write them fully about your case, and any information or advice wanted will be cheerfully given. We make no charge whatever for this service. Send for our book on Blood and Skin Diseases—free. Address, The Swift Specific Co., Atlanta, Ga.

HOSTS TO WELCOME

The Next Vice President of the United States on His Journey West.

CARROLLTON, Mo., July 2.—Governor Theodore Roosevelt arrived at Carrollton this morning one hour late, but prospects were good that the Santa Fe train would make up much of this time before reaching Kansas City. The governor arose shortly before 7 o'clock. Soon after breakfast was served in the private car of Paul Morton, which is occupied by the governor and his party. Since the first break of dawn there has been fair sized crowds of people at the stations which the train passed and even before the governor was awake shouts and cheers for the "Rough Rider" were numerous. After breakfast Governor Roosevelt responded to the cheers of his admirers by appearing on the platform and bowing his acknowledgments, but in no case did he make any remarks beyond saying: "I thank you," or "I am glad to see you."

At Carrollton a number of Kansas City Republicans, constituting an advance reception committee to welcome the governor boarded the train.

OREGON NOT IN DANGER.

Cablegram From Admiral Kempff States He Has Sent Assistance.

WASHINGTON, D. C., July 2.—The following cablegram has been received at the navy department from Admiral Kempff:

"CHIEF, July 1. 'Secretary of Navy, Washington. 'Oregon has run aground. It is not in a dangerous position, about thirty-eight degrees north latitude, twenty degrees forty minutes east longitude. Have sent to her assistance three naval vessels. It is reported that there is water in one compartment. The commander of the Oregon did not request assistance, a Japanese man of war having boarded vessel. [Signed.] 'KEMPFFF."

Changes in Star Routes.

Special Dispatch to the Intelligence. WASHINGTON, D. C., July 2.—The following changes have been ordered in the star schedule of West Virginia:

Route No. 16,302, McCue to Buchanan; leave McCue Tuesday, Thursday and Saturday at 8 a. m., and returning leave Buchanan at 1:30 p. m.

Route No. 16,320, Oxbow to Petroleum; leave Oxbow daily, except Sunday, at 8 a. m., and returning, leave Petroleum at 1 p. m.

Following are the changes which have been ordered by the post-office department in the star service in West Virginia:

Route No. 16,151, Fort Seybert to Oakflat. From June 2, 1900, increase service to six times a week; schedule to be daily, except Sunday, and the hours same as at present.

Route No. 16,181, Morgan's Glade to Terra Alta. Supply Guseman both ways at site heretofore authorized.

Route, Eglon to Horseshoe Run. From July 2, 1900, increase service to six times a week; schedule to be daily except Sunday, hours as at present.

Route No. 16,394, Williamsburg to Lewisburg. Hereafter supply Dick Point between Hughart and Ricklands.

Route No. 16,626, Gilbert to Wharncliffe. From July 2 increase service to six times a week; schedule daily, except Sunday, hours as at present.

TELEGRAPHIC TICKETS.

RETURNED.—The transport Grant, which was forced to return to the San Francisco port last night by the ripping open of the steam pipe which feeds her starboard engine, will probably again start for Nagasaki to-night.

OPPOSITION.—The report has been received at Skagway that the British members of the international boundary survey commission have met opposition from the Indians in making the survey and setting their monuments.

QUIT.—Union coal miners in Alabama about 10,000 in number, quit work Monday, pending the settlement of the wage dispute. The old wage contract expired yesterday and the miners demanded a 40 per cent raise and other concessions. The operators refused this demand and

The Pinkham Record

Is a proud and peerless record. It is a record of cure, of constant conquest over obstinate ills of women; ills that deal out despair; suffering that many women think is woman's natural heritage; disorders and displacements that drive out hope.

offered to renew the old contract, which is an advance of from 40 to 70 per cent over the one in effect prior to July 1, 1899.

PREPARING.—Since the wreck of the battleship Oregon, shore leave is being refused all men on the Iowa, now at Tacoma, port, and the officers say they would not be surprised at any moment to receive orders to sail for the Orient.

SUBMERGED.—The reservoir of the city water works system of Grand Rapids, burst early yesterday, letting loose a deluge of more than 100,000,000 gallons of water upon a thickly populated district on the hill side immediately beneath it. The damage is estimated at hundreds of thousands of dollars.

WELLSBURG.

Doings of People in the Brooke County Metropolis.

Hon. S. W. Atkinson, president of the state board of agriculture and candidate for state treasurer, was in town yesterday. He thinks his chances for nomination at Charleston next week are excellent, under certain contingencies. His candidacy appeals strongly to the farming and soldier classes. Mr. Atkinson expects to leave on Saturday for Charleston.

There will be no public observance of the Fourth in Wellsburg. There will be two games of ball between East Liverpool and Wellsburg—morning game at 10 o'clock and the afternoon game at 3:30. In the evening, Company C, of the West Virginia National Guard, will give a ball at city hall.

The Methodist Episcopal Sunday school has decided to picnic at Chester, the new resort on the New Cumberland extension of the Pan Handle railroad, on July 7. The railroad gives a rate of forty cents for the round trip for two hundred or more people.

Brooks lodge No. 5, I. O. O. F., last evening moved into its new quarters in the Union Chapel building. The brethren have a nicely furnished lodge room and will probably be calling on their wives and sweethearts to help dedicate it.

There will be no preaching at the Presbyterian church during the next four weeks. Rev. C. H. McDonald, the pastor, leaves to-day on a vacation at his home in West Alexander, Pa. All other services will be held as usual.

James A. Russell, of Pittsburgh, was here over Sunday, visiting his brothers, G. W. and T. A. Russell, and sister, Mrs. Caroline Hays, the latter being seriously ill, having suffered a paralytic stroke.

The street railway people expect to have the road in operation by the latter part of this month. The trolley wire is being put up and work is progressing on the power house.

The European tourists, Judge Hervey, Dr. W. K. Cummings and the Messrs. Palmer, left yesterday for New York, whence they sail on Wednesday.

The Riverside plant of the National Glass Company closed down on Saturday last. The notice posted states that the stop will be for four weeks.

BELLAIRE HAPPENINGS.

Matters of Interest in the Metropolis of Belmont County.

Mayor Freize held quite a lively session of his court yesterday. Eight males and females caught in one house, were disposed of by assessing seven of them 75 and costs each and the madame \$20 and costs. The Wheeling and Martin's Ferry aggregation who exhibited themselves in a hack Sunday afternoon, were taxed \$5 and costs each. Charlie Kittelwell, for stabbing George Macabee in the side, was held to court in a bond of \$500. Two or three plain

drunks were let off lightly and one saloon keeper who had hit a customer with the back of a fork, was fined \$5 and costs for assault and battery.

There is a great deal of talk about the possibility of a gigantic tube works being located here, as suggested in the Intelligencer the other day, and this feeling is a unit in favor of offering every encouragement possible. While many towns have secured such enterprises by offering bonuses, free sites and free taxes for a stipulated number of years, Bellaire offers unusual advantages in shipping, easy access to coal and fair taxation. The manufacturers here have always been treated fairly and equitably and this much can be assured to stranger capitalists who may look favorably upon this section.

Albert Bahra, whose serious accident at New Castle, Pa., was noted at the time, about ten days ago, died Sunday, of his injuries. The remains were brought to this city last night and the funeral will take place from his father's home this afternoon. He was a member of the local lodge of Knights of Pythias, and that order held a meeting last night to arrange attendance at the funeral. Al. Bahra was a strong, hearty young man, well and favorably known to many of the younger people here, who will regret his untimely death.

Epworth park is an attractive spot these days, and the cottages are filling up rapidly. The venerable Jacob Heath-erington went out last week to spend a day or two, but was so taken with the beauty of the place and the pleasure afforded that he may stay all season. Quite a number of new faces are there this year and more are to go.

Bellaire will be almost depopulated to-morrow. Hundreds will go to the fair grounds at St. Clairsville, some to Sistersville, some to Carter's orchard, and others to the Wheeling parks for a quiet time of their own.

The postoffice will be open only the usual holiday hours to-morrow forenoon and the carriers will make the usual first morning trip and collections.

Squire J. W. Morrell and wife left yesterday evening for a short vacation at Cleveland, where they have relatives.

Bellaire firemen will be well represented at the tournament at Martin's Ferry this week, beginning Thursday.

Mr. A. B. Carter, superintendent of the National steel plants in this section, is home from New York.

Mr. and Mrs. R. C. Faris will join the Bellaire party on a visit to Thousand Islands and other lake points.

Everett Baker, wife and son, of Arcadia, Ind., are the guests of friends here.

Mrs. Thomas Boyce, of Gas City, is the guest of Mrs. C. H. Dankworth. H. W. Herman and family will go to Canton for a two weeks' vacation.

BENWOOD.

News Notes From the Busy Marshall County Town.

One case came up in police court yesterday morning. The lone offender was given one and costs on a drunk and disorderly charge and was given five days in jail in default of payment. The five hobos held in custody were discharged. At last evening's session two drunks and disorderlies were on the docket. One was given \$1 and costs and the other, a man named McDonald, was given \$10 and costs for resisting an officer. Of the two men charged with selling stolen jewelry one was discharged and the other given \$1 and costs.

While Squire Riddle was at Cameron looking for the horse that was stolen from his stable Saturday evening, a telephone message was received from the Wheeling police headquarters to the effect that the horse had been found by the Wheeling police.

Andrew Gales, of the Shiffer Bridge Company, of Pittsburgh, who has charge of the erection of the structural iron work in course of erection at the Riverside, has returned from Pittsburgh, where he has been visiting for the past few days.

The regular monthly business and consecration meeting of the Methodist Episcopal church will be held this evening at which arrangements will be made for the boat excursion to Stuebenville on the 16th.

All the mules worked in the mines of the Wheeling Steel & Iron Company were taken out to pasture yesterday morning. Some persons say this means a long shut-down at the mill.

Earl Newton, Mike Straughn, George Oser and Will Hagib made up a jolly fishing party that departed for Martin's Landing last night. They will be joined by others later in the week.

The Wheeling Railway Company has a force of men at work on McMechen and Seventh streets, raising the tracks to a level with the new street paving.

The Empire Athletic Club gave a largely attended and highly enjoyable dance at the Pabst hall last evening. Prof. John Long furnished the music.

The Epworth League held a meeting at the Methodist Episcopal church last evening and transacted business of considerable importance.

A heavy iron street roller was at work on Seventh street yesterday solidifying the earth preparatory to the paving of that street.

David Dowd, a bricklayer at the coke ovens, departed for West Union, Pa., where he will visit his family for a few days.

George Fisher, the genial ex-police-man, has accepted a position as bartender with the Hotel Windsor.

Albert Kearns and Frank Geraghty have gone to Piedmont to be the guests of relatives for a few days.

The Baltimore & Ohio Railroad Company has a gang of men repairing the crossing at Schad's.

There is some talk of the Riverside resuming Monday, but nothing definite could be learned.

John Henly, out Dog's Run, had a dog shot yesterday that showed signs of rabies.

TRADE MARK

"In the fall of 1891 I had a severe attack of muscular rheumatism which settled in my right arm and shoulder. Tongaline was highly recommended to me and I determined to give it a thorough trial. I took six or eight tea-spoonful doses daily, diluted in water, with plenty of hot water and inside of two days was relieved to such an extent that the pain had almost entirely left me. By continuing the treatment a short time longer I was thoroughly cured and I am gratified to state that there has been no recurrence of the trouble. Since then I have frequently recommended Tongaline to friends suffering from rheumatism, neuralgia, sciatica, etc. and I have yet to hear of a single instance where it failed to cure the disease."
